

Jointed Couplers

For precise, secure positioning of
cameras, light sources
or any other optical accessory

They absorb vibrations well, but are still easy to align, as they have almost no mechanical hysteresis.

original size

Universal and flexible
but easy adjustable fixation

Jointed Couplers

For precise, secure positioning of cameras, light sources or any other optical accessory in any environment, Opto jointed couplers are the ideal solution.

Precision manufactured in Germany from high grade steel and aluminium, jointed couplers provide a durable, yet economical mounting solution that is cleanroom compatible, and thanks to a wide variety of standard connection threads, unlimited in application!

Applications & Markets

- Mounting of cameras with 1/4" thread for e.g. surveillance, code readers or in automations
- Mounting of illumination components in Machine Vision and Microscopy
- Fine positioning of sensors in rough environments such as soldering or outdoor applications

Article	Jointed Coupler	Threads	Length	max. Load
100-JC1-66	unit 1 link	M6 - M6	72 mm	5.0 kg
100-JC1-63	unit 1 link	M6 - 1/4"	72 mm	5.0 kg
100-JC2-66	unit 2 links	M6 - M6	132 mm	3.5 kg
100-JC2-63	unit 2 links	M6 - 1/4"	132 mm	3.5 kg
100-JC3-66	unit 3 links	M6 - M6	191 mm	2.0 kg
100-JC4-66	unit 4 links	M6 - M6	249 mm	1.5 kg
100-JC5-66	unit 5 links	M6 - M6	310 mm	0.8 kg
100-JC6-66	unit 6 links	M6 - M6	370 mm	0.3 kg

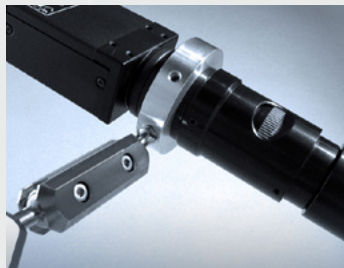

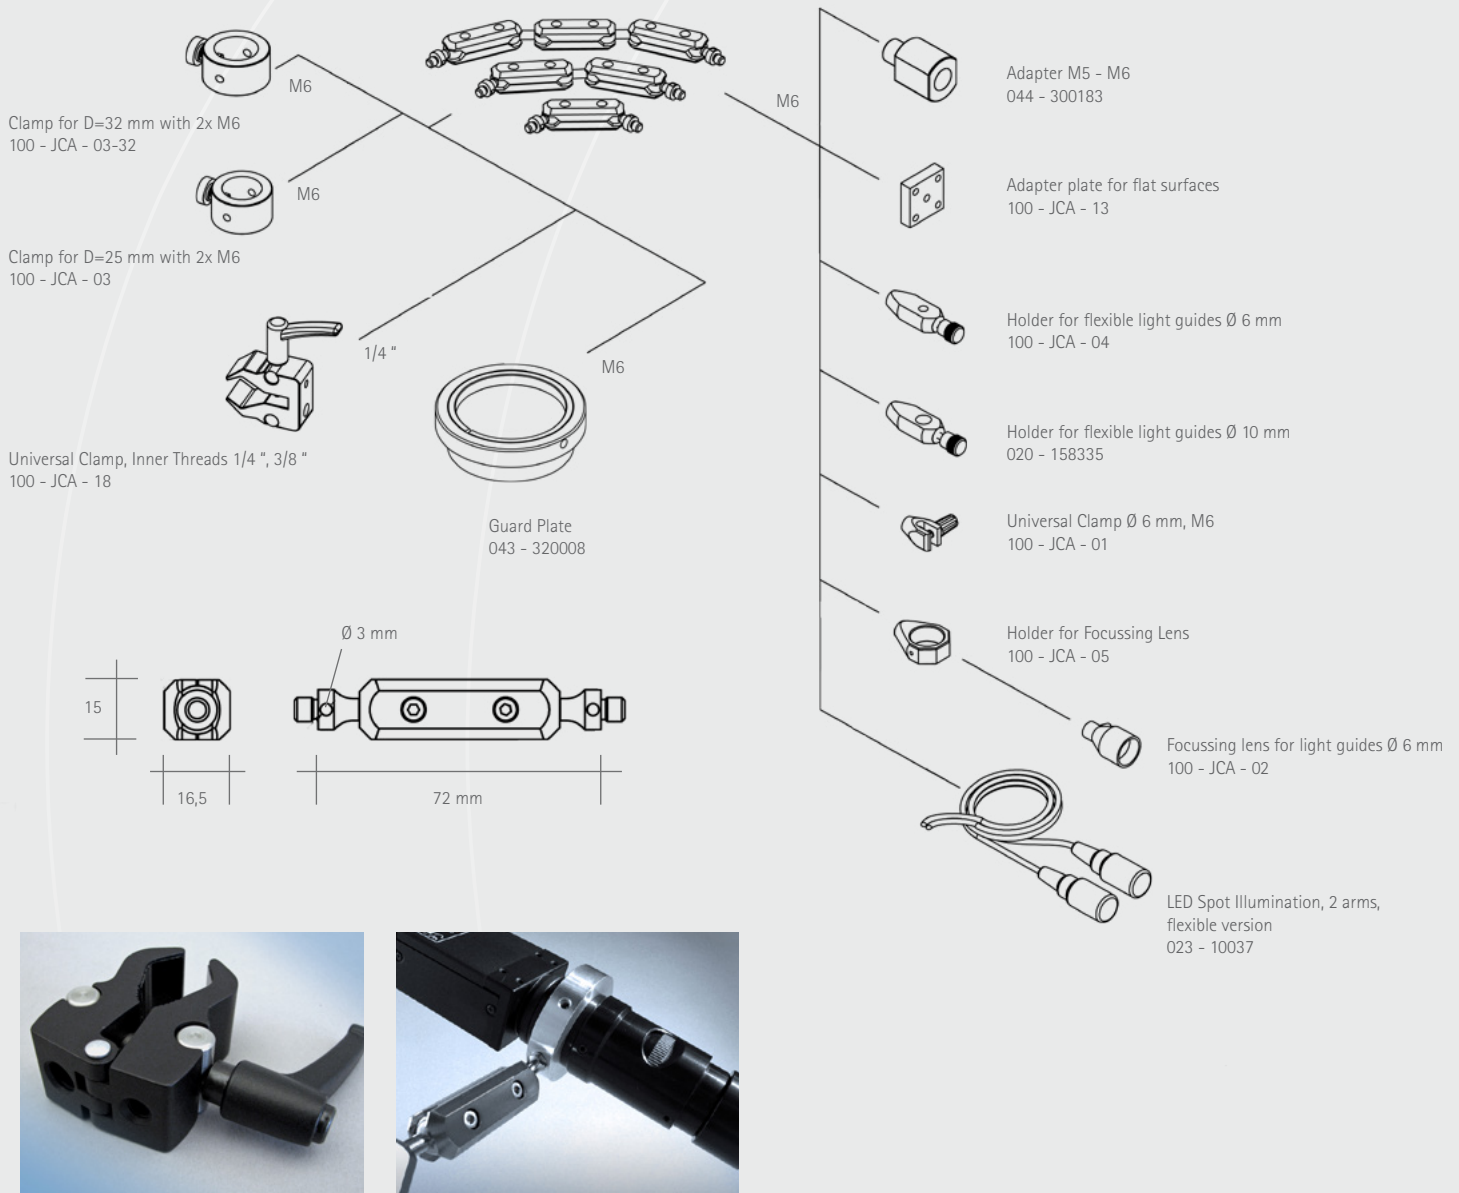

Jointed Coupler M6 - sample configurations

100-JCx-yy

No. of Links | Connections
 3 = 1/4" thread
 6 = M6 thread
 8 = M8 thread

The variety of connecting threads and jointed coupler accessories guarantee that you will find a suitable solution for your existing equipment or application. A nickel-plated version is available on request.
